

**STATE CAPITALS:
A SPECIALIZED COLLECTION**
Jack Franz, PSS 6783

A collection of State Capitals can be made from many different issues or even a specific denomination of an issue. However, my main interest is in collecting offsets, so just for fun, I decided to put together a collection of offsets representing the capitals of all 50 states. In eight of the states, Alaska, Delaware, Florida, Kentucky, Louisiana, Nevada, New Mexico, and South Carolina, the capitals never used precancels in 1918 – – but I did manage to obtain the other 42.
